(PRELIMINARY
EVALUATION)

Dear Kim,

Enclosed is a copy of the site plan for our house with the proposed addition. We intend to add 15' to the end of our existing garage and then construct a 25' x 45' addition across the top of the entire garage.

When the house was built in 1988 the septic system was sized for 3 bedrooms and a garbage disposer. Including the proposed garage addition we need to evaluate the addition of 2 bedrooms and another kitchen. This project will require us to obtain a special exception.

We are also considering the addition of a swimming pool and would like to discuss how that would impact our options. I will give you a call in a few days to see if it is possible to meet together at our home to evaluate any health department issues.

Thank you for your assistance.

Sincerely,

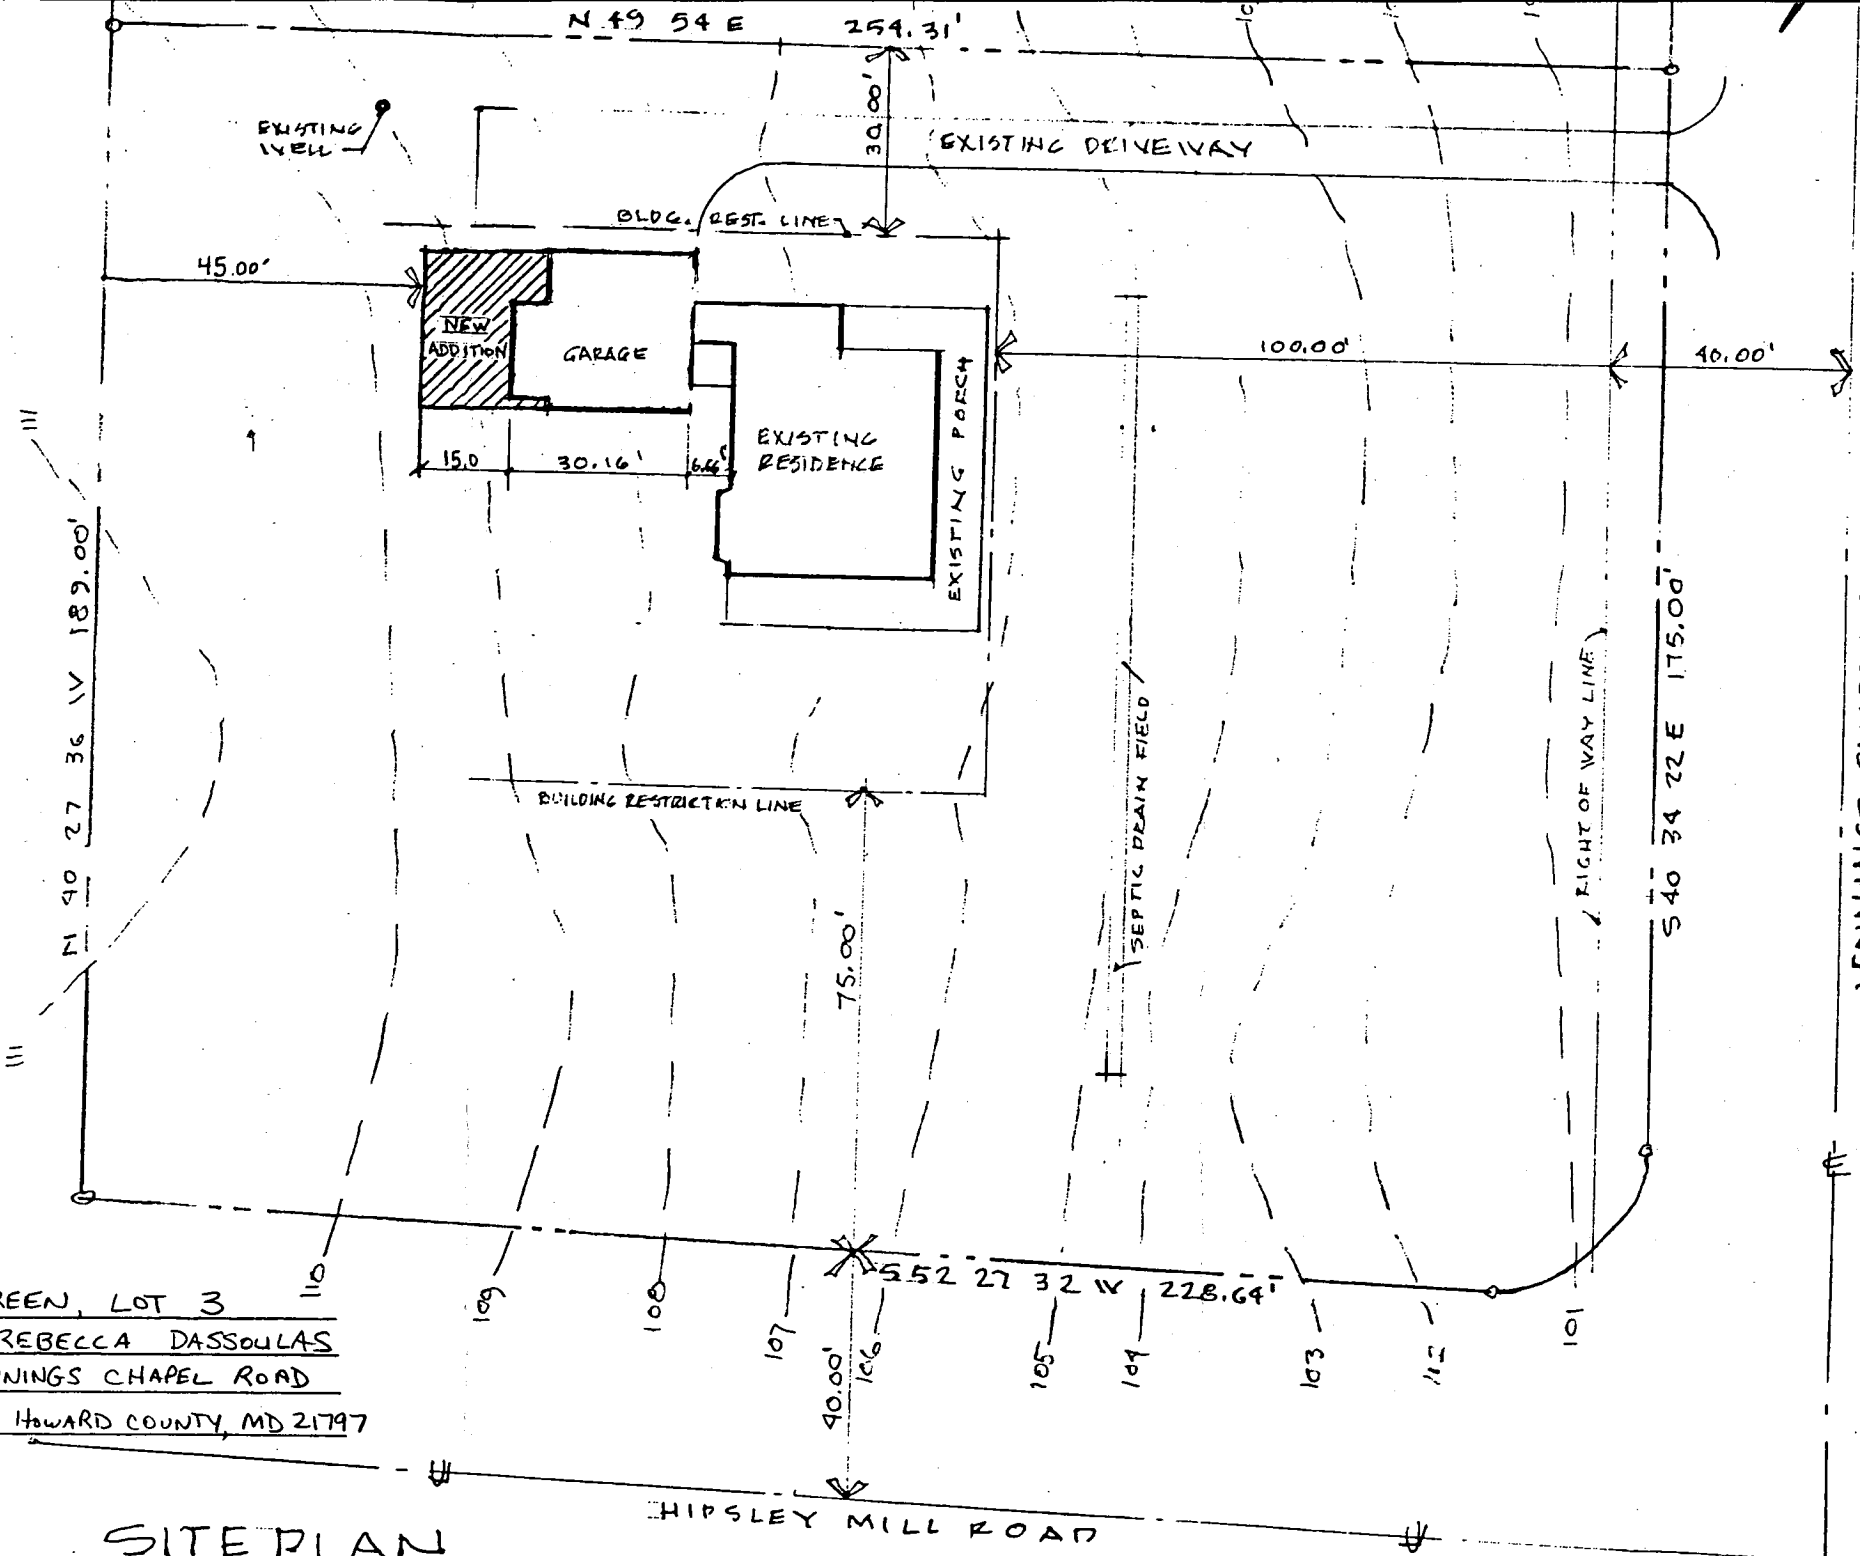

David P. Dassoulas

H 301-854-5519

DISCUSSED 10/16/98 WITH APPLICANT: [initials]

- 23' WELL BUILDING WILL BE ACCEPTED, NO REASONABLE ALTERNATIVE OPTION
- SEPARATE SEPTIC SYSTEM SHOULD BE INSTALLED ABOUT EXISTING SYSTEM, LEAVING SUFFICIENT ROOM FOR FUTURE REPAIR, NO ADDITIONAL PERMITS - CURRENT RECORDS CONSIDERED ADEQUATE.
- SUGGESTED THAT HE CONFIRM FUTURE POOL PLANS (AS CLOSE TO HOUSE AS PRACTICAL) BEFORE PLANNING SEPTIC SYSTEM DETAIL. HE CONCLUDED THAT HE WILL NEED TO CHECK WITH ZONING BEFORE DETERMINING HOW TO PROCEED WHETHER OR NOT TO PROCEED (CW)
