Re: Boats Residence: Letter of Variance Request

Good afternoon. This letter is in response to the email from Heidi Scott in reference to septic reserve change out from 1,000 to 2,000 gallons. I would like to request a letter of variance for the following:

1. The existing 1,000 gallon reserve septic tank in my estimation is sufficient for the current occupancy of my home.
2. The cost of a new tank would place an undue monetary burden on the present remodeling of my basement.

Your cooperation is greatly appreciated. Thank you in advance for your consideration. Please contact our Project Manager James Burke should you have any questions or concerns.

Best Regards,

Tori Boats, Homeowner
